Dear Friends in Christ,

I pray God will give us a blessed New Year. This past year has been trying in many ways. Many of my close friends have beaten me to heaven. I am happy they are out of this sinful world and at home with our God, but I sorely miss them. Pray for their love ones who are left behind at this time.

I have tried to keep up with what is happening in our wonderful country. My question is, "Who is running our country? ". I think the most honest answer is no one knows. Each day we are told something different about the virus. When our leaders are failing it is a time for all Christians to take a stand and spread the gospel in every way we can. I know this will not be easy for people seem scared or angry. It seems you can start an argument by simply saying "Good Morning". Please do not let us use this as an excuse not to witness for our God. God is still in charge even in these troubling times.

Thank you for the years of faithful prayers and support. A special "Thank you" for the Christmas gifts you have given us. We (you and us) are a team and we would fail our mission without your help, we have worked and walked many years together. Let us continue until Christ returns.

Yours in Christ,

Bob & Louise
